### **About Enablement**

Enablement is a training, consultancy and research organization in the field of disability inclusive development. We envision empowered persons with disabilities, who participate in society, are accepted by others, and have access to services that improve their quality of life.

### **Job description:**

Enablement has an exciting opportunity for a **Project Manager**. Join us in designing and delivering research and training programmes in the field of Disability Inclusive Development and Community Based Rehabilitation (CBR).

Your tasks:

- Conducting and/or coordinating research projects
- Development of training material
- Conducting training sessions
- Coordination of the RehApp project (IT experience not necessary)
- Acquisition of new projects
- Communication and collaboration with essential stakeholders

### **Job requirements:**

- Relevant educational background, e.g. physiotherapy, occupational therapy, international public health
- Demonstrable work experience in low-income and/or middle-income countries
- At least 3 years of experience in project management
- Experience with training and coaching groups
- Excellent English writing and communication skills
- A willingness to travel regularly to other countries, especially in Africa and Asia
- Preferably, proficiency in French, Spanish or Portuguese
- A good sense of humour and willingness to work in a small team

Qualified people with a disability and refugees are particularly encouraged to apply.

### **What we offer:**

- A salary in accordance with your experience and final job description
- A dynamic work environment
- Flexibility in working hours
- Meaningful work that benefits people in vulnerable positions
- International working environment

- A small and dedicated team (no bureaucracy)
- A one year contract with possibility for extension
